This motorcycle, VIN 1HD1BKL19JY014852, has been modified and is called the "Ooga Booga" Bear in the 2010 Bearfest in Oregon. If you google search "Bearfest 2010" just look for the Ooga Booga Bear and you'll have a better picture of what it looks like. It would be a great advertising ploy to bring customers in for other purposes. On a recent trip to California, dozens of folks flocked to see the bears on the bikes. The entire motorcycle has been encased with a custom bear body and the speedometer and odometer have been eliminated.
