2007 Kawasaki ninja 250EX - \$1800 (Kirtland)

6200 miles, full muzzy exhaust and the carb is jetted, k&n air filter, tires have less than 500 miles on them. I have the bottom fairing but it will

need to be cut to fit properly with the new exhaust so I just left it off. I have a fender eliminator and I just haven't put it on yet. The rear turn signal is integrated. I will NOT trade this for a dog or a car!!!! No test rides without cash in hand. I will not call you or give you my phone number, I will only communicate via email.
