## '76 kawasaki w/ Honda ATC110 engine - \$325 (South Anchorage)

'76 Kawasaki KD80 frame with an 80's Honda ATC 110 3-wheeler engine hacked in,

Runs and drives good.

Pull start, semi automatic 4-speed transmission with selectable Hi & Lo Range.

this thing has stump pulling power!

low seat height, easy to ride.

Headlight works

rear foot brake works

front brake works, just needs a lever

pull start rope is new,

fuel line is new,

needs tires and a new seat, but you can ride it as is.

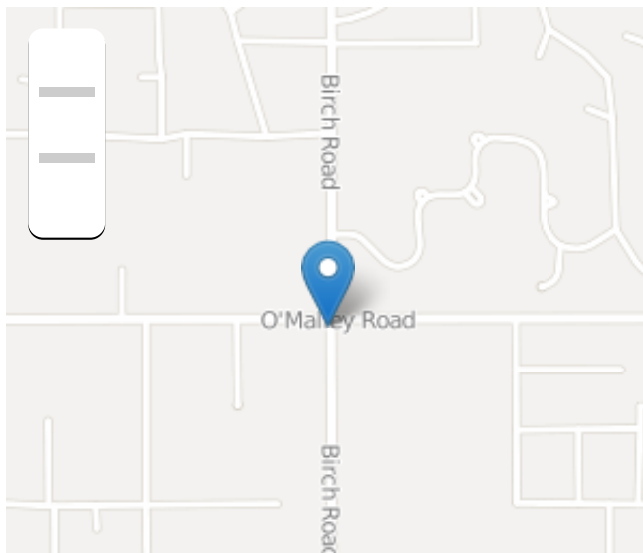

the seat pan is rusted out,

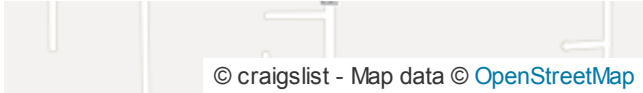

the tires hold air, but they're pretty rotten looking,

i've seen new tires on amazon for \$35 each with free shipping.

\$325 obo

9Q7~23Q~~1Q49

birch road at o'malley

1976 Honda-saki

condition: fair

fuel: gas

title status: missing

transmission: manual
